Use this page to create a list of activities that you might enjoy completing with support from an adult. Tick them off when you have completed them - if you want to tell your teacher all about what you did, feel free to use your jotter to draw or write about your project. We have given you a few ideas to get started.

Feel free to complete as many or as few activities as you want and/or have time for!

I can't wait to see and hear about the exciting things you get up to.
