

Literacy

Reading: Choose a book and draw a picture of one of your favourite scenes from it and write a description of the scene in sentences.

Spelling: Use this week's spelling homework words. Write the words out using a different colour for each letter and make up your own activity to learn the word.

Grammar/Punctuation: You need to use an exclamation mark when giving commands. Write 5 commands needed to train a dog!

Comprehension: Complete 'Frogs' from booklet.

Vocabulary: Complete 'Let's Get Dressed' from booklet.

Handwriting: Complete 'Unit 1' from booklet.

IDL

Research a famous Scottish Scientist. Draw a picture and write at least three sentences to inform us why this person is famous.

RME

Research Christian celebrations/festivals. Write a description and draw a picture for one of these.

Learning at Home P3

These activities should be completed in your learning at home jotter. These activities are to be completed during the week starting:

WEEK 1

Health and Wellbeing

Design a poster which encourages people to wash their hands and includes at least three instructions.

Expressive Arts

Choose your favourite song to learn. Find something to use as a percussion instrument to accompany you when you sing.

Numeracy

Activities:

- Find fruit and vegetables in the house. Choose 5. Create a bar chart to show the number of letters in each. Can you write some questions to go alongside your chart.
- Every time you notice the clock showing o'clock, write down the time and what you are doing to create a timetable of the day.
- Play the x2, x5 and x10 games on the Topmarks maths website.
- Complete 'Maths Minute 17' from booklet.
- Complete 'Home Activity 1-5' from booklet.
- Log in to Active Heinemann to play the games set for you.

STEM

Write a list of materials that have been used to build your house. What other materials can homes be built from?

DISCUSS IT!

Watch Newsround and share what you have learned with a family member. You could keep a record of your findings in your learning at home jotter.

Literacy

- To read for enjoyment.
- To use a variety of strategies to learn spelling rules.
- To use punctuation accurately.
- To present work neatly.
- To show an understanding of what we read by asking and answering questions.
- To create lists to organise information.

Numeracy

- To present data in a bar chart.
- To tell the time and record this in a timetable.
- To say the 2, 5 and 10 times tables.
- To complete mental calculations quickly and accurately.
- To sequence and order numbers to 1000.
- To count on and back in 10s and 100s.
- To add within 20.

IDL

To select an individual of importance and discuss the influence of their actions.

RME

To develop an awareness of the ways in which Christians celebrate different times of the year.

Learning at Home P3

We are learning...

WEEK 1

Health and Wellbeing

To show awareness of how cleanliness, hygiene and safety can affect our health and wellbeing.

Expressive Arts

To use our voices and instruments to discover and enjoy playing with sounds.

STEM

To consider materials and think about how they are used.

DISCUSS IT

To listen and talk with others, exchanging information, ideas and opinions.
To show an understanding of what we watch by asking and responding to questions.
