

P2/1 Learning at Home Week 6

Reading

- I can listen to others read to me and enjoy hearing lots of different texts like jokes, poems, rhymes, songs, both fiction and non-fiction texts

Continue choosing books at home with your child if you can and talk about these. You can watch Story Time from Home on GLOW and now have access to Oxford Owls so please use this super resource to choose books online. You could look for stories about bears as this may help you with this week's writing!

Phonics

- I can use my knowledge of phonics and spelling patterns to de-code new words

group 1 oa

<http://www.letters-and-sounds.com/phase-3-games.html>

group 2 ff

<http://www.letters-and-sounds.com/phase-2-games.html>

How many words can you find and write with this pattern?

Maybe this week you could try some online phonics games – links are in blue above!

Writing

- I can write a story and draw a detailed picture.
- I can use my core targets (capital letters, full stops, finger spaces, present work neatly)

Topic – Bears

This week's Story Time from Home will have a "bears theme" and might help your child with ideas for this. CHALLENGE – Can you find some facts about real bears?

Handwriting

- I can form my letters correctly following the Handwriting Formation Sheet

Form your letters correctly following the Handwriting Formation Sheet. Make sure you begin writing in the correct place. This week's letters are:

u y

Number

- I can explore, recognise and describe 2D shapes using words like straight, round, flat and curved.

Use the 2D Shape Word Mat to look at different shapes. This is on the GLOW Numeracy page.

Make a Shape Collage Draw different 2D shapes to make a picture. Colour in your picture. Try to use a different colour for every shape so all the shapes show up clearly.

2D Shape Flashcards Look at the 2D Shape Flashcards sheet. Make a set of your own 2D shape flashcards. Use your cards to learn the names of the shapes. Teach other family members the names of your shapes.

2D Shape Hunt Go on a shape hunt around your house. How many 2D shapes can you find? You could also look for shapes when you are outdoors. You could record these in your jotter.

Heinemann Active Maths Login and try some of the 2D shape and number activities for your group.

IDL Houses And Homes

- By exploring my community and the groups within it, I can identify and consider different types of housing and how they meet needs.

Research houses and homes in different parts of the world.

Draw and label a house of your choice from a different country.

Talk about - Is this house the same or different to your house in Scotland? Why do you think this is?
