Log into our team on Glow and post a comment with your thoughts on the show.

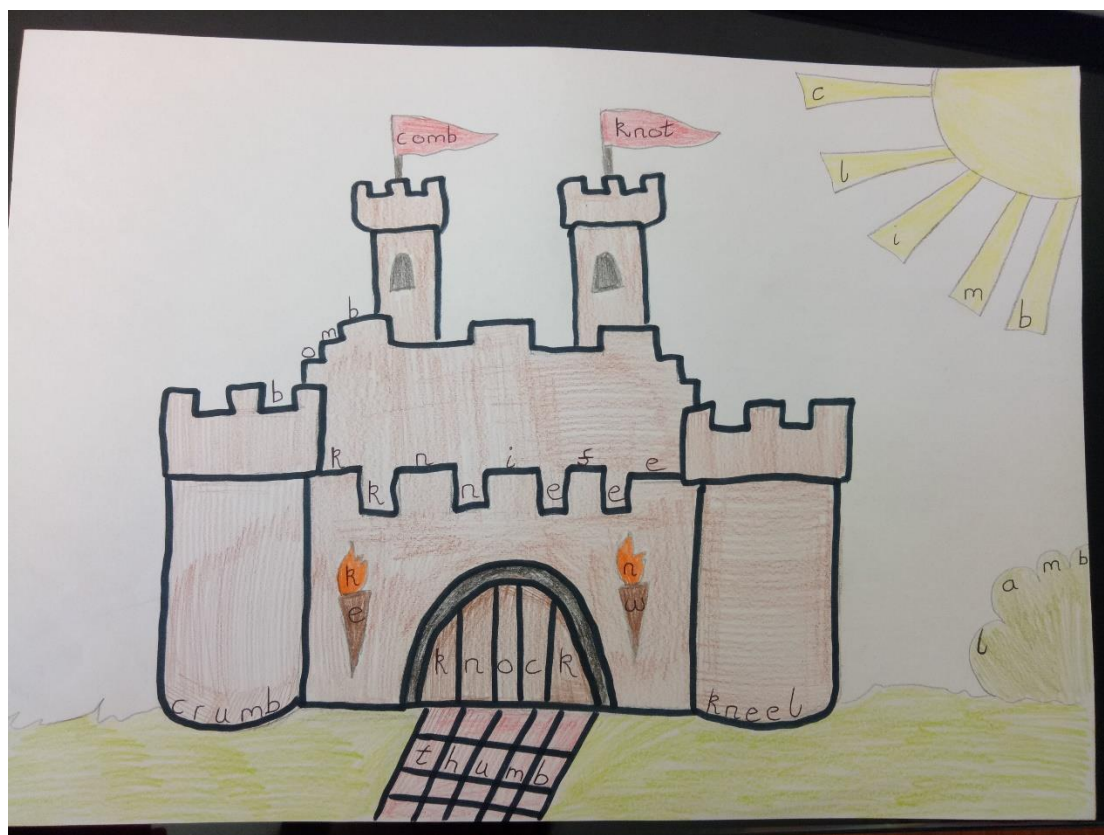

Spelling

LI: to learn a new spelling pattern using active spelling.

Success Criteria: Spell new words unaided.

Copy out your spelling words for the week 3 times.

Design a hidden picture with your spelling words with a castle theme.

When you have finished take a photo of your design and upload the photo to the Spelling channel on TEAMS. Make a challenge for your classmates, leave one of your spelling words out and see if someone in your spelling group can find which word you have not included in your hidden picture.

On Friday morning ask someone in your home to test you on your spelling words and post on the Spelling channel what score you got and if you managed to beat your score from last week. Good luck!

Writing

LI: to understand nouns, adjectives and present tense verbs.

SC:

- Recognise and identify nouns, adjectives and present tense verbs in a text.
- Create a list of nouns and adjectives.
- Change verbs from the past to the present tense.

Follow the Power Point called Writing Lesson Week 6. There are 4 tasks to complete. All of these tasks are to be shared in the Writing Channel on TEAMS. The answers to task 3 and 4 will be put up on Thursday afternoon.

Reading

LI: to make sense of a text.

SC:

- Identify a cause and effect relationship.
- Use key words to select an answer.
- Use key words to eliminate answers.

Go to your Assignments and open Reading Week 6. The materials you need will be attached. One document is the answers to pages 78 and 79. You can check your answers using this when you have finished. I would like to see your answers for page 81. Please take a photo of your answers to page 81 or type them out on a Word document and upload it to the Assignment to hand in.
