Create a word connector. All of your spelling words must be included and they must all be connected to each other. Connect the words by using one letter that is in both of the words. Your words must be written from left to right or from top to bottom. Here is an example with the Owl's words.

When you have finished take a photo and post it in the Spelling channel.

On **Friday morning** ask someone in your home to test you on your words. Post a comment in the Spelling channel to let me know if you beat your score from last week.

SC:

- Opening sentence.
- At least 5 sentences using a variety of connectives.
- Descriptive adjectives/phrases.
- Simple present tense or past tense verbs.
- Variety of facts or information.
